

POLLING SAFETY

Health and Safety Readiness for the **Next Normal**

Polling Safety from the Outside-In Preparing for safe voting in the **next normal**

1 | **A-FRAME COROPLAST SIGN**

Portable, durable for indoor & outdoor use, these are printed full-color, directly on the substrate. They are an inexpensive way to help manage crowds of any size.

- Use as a lightweight alternative to the plastic A-Frame
- Set-up messaging anywhere

2 | **MESH BANNER**

For large-scale messaging, mesh banners are printed right on a perforated material, with heat welded edges and grommets. These are perfect for outdoor use even with windy conditions.

- Show the designated polling place in a big, clear way
- Indicate the precinct number so voters know they are in the right location at a glance

3 | **WINDOW DECALS**

Available in clear, opaque and frosted materials with low-tac repositionable adhesive.

- High visibility way to share information
- Ideal for social distancing and safety instructions

4 | **YARD SIGNS**

An economical alternative, yard signs can be placed nearly anywhere and easily moved.

- Place outside polling stations or drop in neighborhoods to remind the community to vote

5 | **SAIL SIGNS**

A simple idea with a big impact, teardrop sail signs use color and movement to grab attention

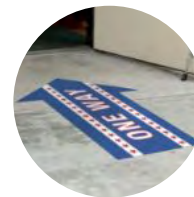

AS YOU ENTER

A-FRAME SIGNS

Durable plastic frame can be filled with sand for added stability. Graphics slide into both sides to easily change out messaging.

- Use as a directional sign for the entry
- Put unique messages on each side as folks come and go

FLOOR DECALS

Easy to apply and remove without residue. Perfect for temporary use but durable enough to last

- Direct public to the correct room
- Keep foot traffic moving in one direction to reduce exposure

HELPFUL INSTRUCTIONS

Post-It® Notes are an efficient way to give messages that stick.

- Hand registration requirements to unregistered voters

Polling Stations

Keeping voters safe in **next normal**

6 | PARTITIONS

Portable kiosks and privacy barriers are the first line of protection for volunteers working the polls.

- The acrylic partition 'locks' into the kiosk or can rest on any surface to safeguard the health of all who enter the building
- Kiosk and acrylic partitions can be disassembled and reused

7 | LARGE SIGNAGE

Easy to read, retractable banners require minimal floor space and come in economy prices.

- Share COVID-19 health and safety reminders
- Be clear to folks driving by which entrances are being used and where to park for voting

8 | WALL DECALS

A high-visibility way to share information as well as show your community's patriotism in full color creative.

- Keep it informative with social distancing guidelines and safety instructions
- Some polling places include community photography from past local events, famous historical figures or documents in decals across the room

9 | SANITIZER STATIONS & LABELING

Encourage voters to use hand sanitizer before and after voting.

- Labels on sanitizer stations are effective if placed at each entrance as well as at the ballot box

ACTIVATING CONSTITUENTS

VOTING LOCATION

Registering to vote and finding your polling place are critical to good turnout:

- Direct mail like postcards and letterhead provide instructions on registration and location

REMEMBER TO VOTE

Use posters and banners in the weeks leading to the election

- Add yard signs around the community with dates and locations

"I VOTED"

These stickers are the best advertising on election day to encourage others to do the same

- Full color labels with strong adhesive are staples in any polling location
